Scouting America

Date: June 1, 2026

To: Cape Fear Council Scout Leaders

From: Dave Sweyer & Bob Weagraff

Subject: Annual Program Planning

Dear Scout Leaders,

We are entering the most exciting time of year for Scouting! It is a time where units plan for all of the exciting activities and adventures for their Cub Scouts, Scouts BSA and Venturers. Within the Cape Fear Council we are very excited about the program offering that underpins a quality year-round Scouting program for our units. A quality year-round Scouting program should be the goal of every Scouting unit. This is why Program Preview is so important.

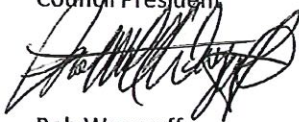

Good Planning is as indispensable to Scouting as it is to any business or other important undertaking. Development of an annual program plan helps provide direction, along with a sense of accomplishment. Without planning the activities and adventures that Scouting has to offer will not be exploited and their stories never told. Planning also makes the best possible use of your valuable volunteer time and helps yield a quality program for Scouts resulting in increased retention. As Scouters our responsibility is to expose Scouts to all of what is possible within Scouting.

The materials and calendar items presented at this year's Kickoff we believe will help your Scouting Unit develop a plan resulting in an "Ideal Year in Scouting"

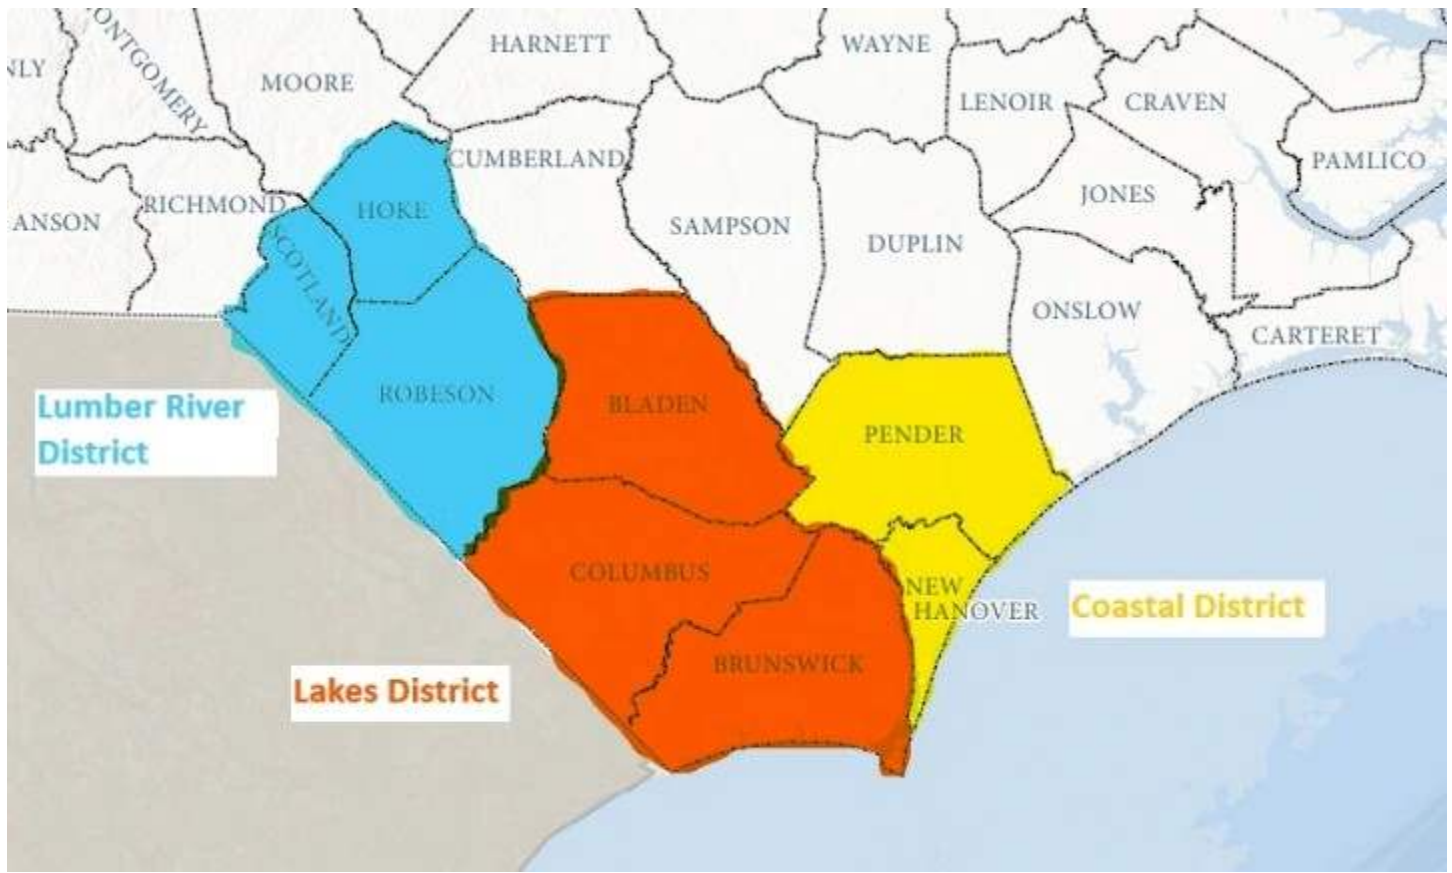

Thank you for your Service and Time to the Scouts of Cape Fear Council.

Dave Sweyer
Council President

Bob Weagraff
Council Commissioner

The Cape Fear Council serves youth across 8 counties broken up into District. The District are divided as follows:

- Coastal District: New Hanover and Pender Counties
- Lakes District: Bladen, Brunswick and Columbus Counties
- Lumber River: Hoke, Robeson, Scotland Counties

Commissioner Service, Cape Fear Council

As commissioners, we share Scouting America's mission: To prepare young people to make ethical and moral choices over their lifetimes by instilling in them the values of the Scout Oath and Law.

How can Commissioners help?

Our Culture Statement

- Be the Heart
- Build Relationships
- Change Lives

By:

- Being The Single, Best Resource
- Delivering Great S.A.F.E. programs
- Enabling Significant, Sustainable Growth

Commissioners are About ***BUILDING RELATIONSHIPS***

The Significance of Unit Metrics

1. Key Leaders Trained
 2. Exceed Small Unit Threshold
 3. Year Over Year Membership Growth
 4. Advancements / Youth Leadership
 5. Outdoor / Super Activity
- Unit Metric Summaries with 0-2 completions will likely have a unit renewal rate as low as **70%**
 - Unit Metric Summaries with 3 completions will likely have a unit renewal rate of **95%** or greater
 - Unit Metric Summaries with 4-5 completions will likely have a unit renewal rate of at least **99%**

All metrics with one exception are pulled from Nationals data bases. Units need to enter the Outdoor / Super Activity events. We need to focus on those items that influence Renewal Rate & Retention.

Help to Establish the Relationship by Knowing Your Commissioner and Making Contact.

CUB SCOUT LEADER RESOURCE OVERVIEW

National Cub Scout Program Website

Landing page for all things Cub Scouts including where to find a pack, welcoming new families including a video with the top 5 questions new families ask, and leader resources.

Cub Chat Live

Every Friday at 2 pm Central, *Scouting* Magazine hosts a live show on Facebook featuring a wide variety of topics and guests. Past shows include how to use Scoutbook, creating effective communication channels, running a Pinewood Derby, tools to get everyone volunteering, and recruiting methods. Shows are 30 minutes and automatically posted to the Cub Chat Live Facebook Playlist after the show. A list of past shows by topic can be found at On Scouting.

Virtual Roundtable

A library of helpful short 8 to 10-minute videos that guide Cub Scout leaders and parents through various topics such as recruiting adult leaders, advancement as a method, and keeping Cub Scouting safe.

Den Meeting Resources

All the resources needed to plan a den meeting are now on one site. Each badge of rank has a stand alone page that leads to the resources needed to deliver any of the required or elective Cub Scout Adventures.

Training for Cub Scout Leaders

Cub Scout leader training is available online at any time of the day or night to make needed information easily accessible. Modules are in “bite sized pieces” of 5 to 7 minutes and can be viewed from any smart device or computer. Den leader curriculum is divided into 3 parts: before the first den meeting, first 30 days and 90 days.

For more information about training at all levels of the program, visit the Training webpage.

Shooting Sports Training for Scouting America Leaders

Shooting Sports has been an integral part of scouting since it's inception more than a century ago. Each of the five Scouting America programs provides age-appropriate shooting skills development opportunities. As leaders of these programs, it is our duty to provide a safe and enriching experience for our youth to learn these skills. The National Range and Target Activities Manual outlines policies for trained leadership necessary to conduct Target and Field sports which includes two trained leaders, one a certified NRA Instructor for the shooting discipline and the second, an NRA Range Safety Officer. Fortunately, the Cape Fear Council has a dedicated group of instructors providing training to become an NRA Instructor and an NRA Range Safety Officer.

Cape Fear Council Certifications Offered

The Cape Fear Council sponsors training enabling leaders to achieve NRA Rifle Instructor, NRA Shotgun Instructor, and NRA Range Safety Officer. Instructor level certification has three parts, a basics skills course, Basic Instructor course, and the Instructor Certification course. Each part of the Instructor Certification must be completed in sequential order to gain certification. The NRA Range Safety Officer course is a single day course. All courses are open to adult scouts and non-scouts and youth are allowed to achieve apprentice NRA instructors only.

The BSA's Commitment to Safety

In Scouting, we will not compromise the safety of our youth, volunteers, and employees. Safety is a *value* that must be taught and reinforced at every opportunity. We are all responsible and must hold each other accountable to provide a safe environment for all participants.

We are committed to abuse prevention by utilizing:

- Mandatory youth protection training.
- Criminal background checks.
- Banning one-on-one adult and youth interactions.
- Mandatory reporting of suspected abuse to law enforcement.
- A volunteer screening database.

We are committed to injury and illness prevention by integrating safety measures in our handbooks, literature, and training materials including the [Guide to Safe Scouting](#). We expect leaders to use the four points of **SAFE** when delivering the program. **SAFE** Scouting measures include:

- Youth are **Supervised** by qualified and trustworthy adults who set the example for safety.
- Activities are **Assessed** for risks.
- Pre-requisite **Fitness** and **skill** levels are confirmed before participation.
- Appropriate **Equipment** is utilized and **Environmental** conditions are monitored.

When incidents do occur, we expect a timely, clear, and complete incident report. We are committed to learning from the data and modifying program guidance for the prevention of future occurrence.

Prepared. For Life.®

Scouts and their parents expect all Boy Scouts of America activities to be conducted safely. To ensure the safety of participants, the Boy Scouts of America expects leaders to use the four points of **SAFE** when delivering the Scouting program.

SUPERVISION

Youth are supervised by qualified and trustworthy adults who set the example for safety.

- Accepting responsibility for the well-being and safety of youth under their care.
- Ensuring that adults are adequately trained, experienced, and skilled to lead the activity, including the ability to prevent and respond to likely problems and potential emergencies.
- Knowing and delivering the program of the Boy Scouts of America with integrity.
- Using qualified instructors, guides, or safety personnel as needed to provide additional guidance.
- Maintaining engagement with participants during activities to ensure compliance with established rules and procedures.

ASSESSMENT

Activities are assessed for risks during planning. Leaders have reviewed applicable program guidance or standards and have verified the activity is not prohibited. Risk avoidance or mitigation is incorporated into the activity.

- Predetermining what guidance and standards are typically applied to the activity, including those specific to the Boy Scouts of America program.
- Planning for safe travel to and from the activity site.
- Validating the activity is age-appropriate for the Boy Scouts of America program level.
- Determining whether the unit has sufficient training, resources, and experience to meet the identified standards and, if not, modifying the activity accordingly.
- Developing contingency plans for changes in weather and environment and arranging for communication with participants, parents, and emergency services.

FITNESS AND SKILL

Participants' Annual Health and Medical Records are reviewed, and leaders have confirmed that prerequisite fitness and skill levels exist for participants to take part safely.

- Confirming the activity is right for the age, maturity, and physical abilities of participants.
- Considering as risk factors temporary or chronic health conditions of participants.
- Validating minimum skill requirements identified during planning and ensuring participants stay within the limits of their abilities.
- Providing training to participants with limited skills and assessing their skills before they attempt more advanced skills.

EQUIPMENT AND ENVIRONMENT

Safe and appropriately sized equipment, courses, camps, campsites, trails, or playing fields are used properly. Leaders periodically check gear use and the environment for changing conditions that could affect safety.

- Confirming participants' clothing is appropriate for expected temperatures, sun exposure, weather events, and terrain.
- Providing equipment that is appropriately sized for participants, is in good repair, and is used properly.
- Ensuring personal and group safety equipment is available, properly fitted, and used consistently and in accordance with training.
- Reviewing the activity area for suitability during planning and immediately before use, and monitoring the area during the activity through supervision.
- Adjusting the activity for changing conditions or ending it if safety cannot be maintained.

Service Project Planning Checklist

The safety of our Scouts, volunteers, employees, and communities is our top priority. This checklist can be used for all Scouting service projects (Order of the Arrow, Distinguished Conservation Service Award, Eagle Scout, and individual or unit service). The checklist is not an added requirement for an Eagle Scout service project.

If it is not practical to meet these protocols, do not conduct the activity or service project.

Boy Scouts of America James E. West Fellowship

James E. West Fellowship

James E. West was the first Chief Scout Executive of the Boy Scouts of America. He served in that position for more than three decades. Many individuals and corporations make these gifts either on behalf of someone else—such as in honor of an Eagle Scout, Silver Beaver recipient, a retirement, a special accomplishment, or anniversary—or in memory of a special individual.

To Become a Fellow

A gift to a local council, designated by the donor to the council endowment fund, qualifies for membership as a James E. West fellow. The gift must be in addition to—and not replace or diminish—the donor's annual Friends of Scouting support. A minimum gift of \$1000 in cash or marketable securities qualifies for the Bronze level membership. Donors may make cumulative gifts to reach Silver, Gold, and Diamond member levels. For example, 5 years of giving at the Bronze level would qualify for Silver level membership.

Application Process

The donor fills out the James E. West Fellowship Application and returns it directly to the local council. The local council will then request the appropriate James E. West recognition items from BSA Supply by calling 1-800-323-0732.

Name(s) to appear on certificate: _____

Cape Fear Council Historical Association

Preserving the Rich History of Scouting in Southeastern North Carolina

The Cape Fear Council Historical Association was established to preserve, protect, and share the history of Scouting throughout southeastern North Carolina. The association maintains historical displays, photographs, memorabilia, documents, and research archives related to the Cape Fear Council and the Scouting movement.

Our Mission

- Preserve Scouting history and memorabilia
- Maintain historical exhibits and research archives
- Celebrate the legacy of Scouts and Scouters
- Share stories, photos, and traditions with future generations
- Encourage fellowship through Scouting history

A Rich Legacy

Scouting in the Cape Fear region dates back to the early 1900s, with the Cape Fear Council officially formed in 1929. The Historical Association works to preserve the traditions, camps, lodges, patches, photographs, and stories that shaped generations of Scouts and leaders.

Visit Our Historical Displays

The Cape Fear Council Historical Association maintains historical displays at the Truist Training Center at the Cape Fear Council Scout Reservation in White Oak, NC, and at the Cape Fear Council Service Center in Wilmington, NC. We invite Scouts, Scouters, alumni, families, and friends to come visit, explore our exhibits, and experience the rich history of Scouting in our council.

Come Visit and Discover Our Scouting Heritage!
